Report on the Financial Statements

We have audited the accompanying financial statements of MHP Salud (the “Organization”), which comprise the statement of financial position as of December 31, 2019, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.
Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of MHP Salud as of December 31, 2019, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited the Organization’s 2018 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated July 30, 2019. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2018 is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated June 18, 2020, on our consideration of the Organization’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization’s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Organization’s internal control over financial reporting and compliance.

The attached notes and auditor's report are an integral part of these financial statements.
Note 1 - Organization

MHP Salud (the “Organization”) is a nonprofit organization that implements community health worker programs to empower underserved Latino communities and promote culturally appropriate strategies to improve its clients' health and well-being. The Organization’s programs primarily operate in Florida, Michigan, Ohio, Washington, and Texas and provide peer health education, increase access to health resources and bring community members together with health providers, employers and policymakers to create positive change. The Organization’s community leaders provide the inspiration, direction and vision necessary to build stronger and healthier communities from within.

For the year ended December 31, 2019, the Organization had the following grants:

3. US Department of Justice – Un Nuevo Manana
4. US Department of Justice – El Arte de Sobrevivir
5. US Department of Justice – Voces Unidas
6. US Department of Justice – ALMA
11. Ohio Department of Health – SASP
12. Ohio Department of Public Safety - VAWA
13. Texas Health and Human Services Commission – SNAP ED
14. Blue Cross Blue Shield of Texas Foundation – Vivir una Vida Plena
15. Valley Baptist Legacy Foundation – Mentes Fuertes, Pasos Firmes

The Organization has been notified by the Internal Revenue Service that it is a not-for-profit entity exempt from Federal income tax under Section 501(c)(3) of the Internal Revenue Code and has not been determined to be a private foundation.

Note 2 - Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements of the Organization have been prepared on the accrual basis of accounting which is the process of recording revenue and expenses when earned or incurred, rather than when received or paid.
Effective January 1, 2019 the Organization adopted the requirements of the Financial Accounting Standards Board’s ("FASB") Accounting Standards Update ("ASU") No. 2014-09, Revenue from Contracts with Customers and all subsequent amendments to the ASU (collectively, "Topic 606"). This provides the framework for recognizing revenue by highlighting the identification of performance obligations of a contract, determining the price and then allocating the price to each of the performance obligations so that revenue is recognized as each of those performance obligations are satisfied.

Analysis of the various provisions of this standard resulted in no significant changes in the way the Organization recognizes revenue.

Also, effective January 1, 2019, the Organization adopted ASU No. 2018-08 Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made ("Topic 605"). Key provisions of this guidance include clarification regarding the accounting for grants and contracts as exchange transactions or contributions, and improved guidance for conditional versus unconditional contributions. In accordance with this new standard, the Organization evaluates whether a transfer of assets is an exchange transaction in which a resource provider is receiving a commensurate value in return for the transfer of resources or whether it is non-reciprocal. If the transaction is determined to be an exchange transaction, the Organization applies guidance under Topic 606. If the transaction is determined to be non-reciprocal, it is treated as a contribution under Topic 605.

For contributions, the Organization evaluates whether they are conditional or unconditional. Contributions are considered to be conditional when both a barrier must be overcome for the Organization to be entitled to the revenue and a right of return of the asset or right of release from the obligation exists.

Accordingly, the Organization’s deferred revenue decreased by $356,828 and contributions increased by the same amount due to management’s further interpretation of the Organization’s conditional grants in accordance with the adoption of ASU 2018-08.

b. Basis of Presentation
The Organization’s net assets are classified based upon the existence or absence of donor-imposed restrictions as follows:

- **Net Assets Without Donor Restrictions** – represent those resources for which there are no restrictions by donors as to their use.

- **Net Assets With Donor Restrictions** – represent those resources, the uses of which have been restricted by donors to specific purposes or the passage of time and/or must remain intact, in perpetuity. The release from restrictions results from the satisfaction of the restricted purposes specified by the donor.

c. Revenue Recognition
The Organization has adopted Topic 606 using the modified retrospective method applied to all contracts after January 1, 2019 and continues to use legacy GAAP for all contracts before January 1, 2019.
The Organization analyzes each source of revenue to determine that it has a contract with the customer that identifies both the performance obligation and the transaction price. Revenue is recognized when the performance obligation is complete.

Training and consulting services for community health worker programs fall under Topic 606 that have been included with other income in the statement of activities are recognized as the performance obligation is satisfied and services provided. Training and consulting services fees that have yet to be collected at year end are reflected as accounts receivable whereby fees collected in advance of being earned are reflected as deferred revenue.

Revenue from non-exchange transactions may be subject to conditions which are defined under ASU No. 2018-08 as both a barrier to entitlement and a right of return of payments or release from obligations.

The Organization's government grants are primarily conditional non-exchange transactions and fall under the scope of Topic 605. Revenue from these transactions are recognized when qualifying expenditures are incurred, performance related outcomes are achieved and other conditions under the agreements are met. Payments received in advance of conditions being met are recorded as deferred revenue.

Contributions are recognized at the earlier of when cash is received or at the time a pledge becomes unconditional in nature. Contributions are recorded in the net asset classes outlined above depending on the existence and/or nature of any donor-imposed restriction. When a restriction expires, that is, when a stipulated time restriction ends, or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions.

Based on a review of outstanding receivables and historical experience, management expects all receivables to be collected and has not established an allowance for doubtful accounts. All government grants receivable at December 31, 2019 are expected to be received in less than one year.

d. Cash and Cash Equivalents
The Organization considers all liquid investments with an initial maturity of three months or less to be cash and cash equivalents, except for cash held with an investment custodian for long-term purposes.

e. Concentration of Credit Risk
Financial instruments that potentially subject the Organization to concentration of credit risk consist of cash, money market accounts, and investment securities which are placed with financial institutions that management deems to be creditworthy. At year end and at various times throughout the year, balances were in excess of insured amounts. The Organization did not suffer any losses due to bank failure.

f. Management Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.
g. **Fixed Assets**
   Equipment and furniture that exceed $2,000 and that have a useful life of greater than one year are recorded at cost or at fair value at the date of gift. Depreciation is computed using the straight-line method over the estimated useful life of the respective asset, as follows:

   - Computer equipment – 5 years
   - Furniture and fixtures – 5 years
   - Leasehold improvements – 5 years

h. **Expense Allocation**
   The costs of providing various programs and other activities have been summarized on a functional basis in the financial statements. Accordingly, certain costs have been allocated among the programs and supporting services benefited. Such allocations are determined by management on an equitable basis.

   The following expenses were allocated using time and effort as the basis:

   - Salaries
   - Employee benefits

   All other expenses have been charged directly to the applicable program or supporting services.

i. **Advertising**
   Advertising costs are expensed as incurred.

j. **Donated Goods and Services**
   Donated services are recognized in circumstances where the service creates or enhances a non-financial asset or where those services require specialized skills, are provided by individuals possessing those skills and would typically need to be purchased if not provided in-kind.

   Board members and other individuals volunteer their time and perform a variety of tasks that assist the Organization. These services do not meet the criteria outlined above and have not been recorded in the financial statements.

k. **Accounting for Uncertainty of Income Taxes**
   The Organization does not believe its financial statements include any material, uncertain tax positions. Tax filings for periods ending December 31, 2016 and later are subject to examination by applicable taxing authorities.

l. **Comparative Financial Information**
   The financial statements include certain prior year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be in conjunction with the Organization’s financial statements for the year ended December 31, 2018, from which the summarized information was derived.
m. **New Accounting Pronouncement**

FASB issued ASU No. 2016-02, *Leases*. The ASU which becomes effective for the December 31, 2022 year, requires the full obligation of long-term leases to be recorded as a liability with a corresponding “right to use asset” on the statement of financial position.

The Organization is in the process of evaluating the impact this standard will have on future financial statements.

**Note 3 - Operating Leases**

The Organization has offices in Texas and Michigan under non-cancelable leases that expire at various dates through October 31, 2020.

Minimum future obligations for all commitments are as follows:

<table>
<thead>
<tr>
<th>Year ending:</th>
<th>2020</th>
<th>Total</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>$46,900</td>
<td>$46,900</td>
</tr>
</tbody>
</table>

Total rent expense was $56,450 and $46,277 for the years ended December 31, 2019 and 2018, respectively.

**Note 4 - Retirement Plans**

The Organization maintains a 401(k) retirement plan with both employer and employee contributions. The Organization's contributions to the retirement plan totaled $204,661 and $188,016 for the years ended December 31, 2019 and 2018, respectively.

**Note 5 - Net Assets With Donor Restrictions**

Activity in the class of net assets with donor restrictions is as follows:

<table>
<thead>
<tr>
<th>Program restricted:</th>
<th>December 31, 2019</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Beginning</td>
</tr>
<tr>
<td></td>
<td>Balance</td>
</tr>
<tr>
<td>1/1/19</td>
<td></td>
</tr>
<tr>
<td>Live a Fulfilling Life</td>
<td>$0</td>
</tr>
<tr>
<td>Strong Minds, Firm Steps</td>
<td>0</td>
</tr>
<tr>
<td>Total program restricted</td>
<td>$0</td>
</tr>
</tbody>
</table>

There was no activity in the class of net assets with donor restrictions during the year ended December 31, 2018.
Note 6 - Availability and Liquidity

Financial assets at December 31, 2019 available to meet cash needs for general expenditures within one year:

Cash and cash equivalents $940,977
Government grants receivable 675,871
Total financial assets $1,616,848

Less amounts not available to be used within one year:
Program restricted contributions (356,828)
Financial assets available to meet cash needs for general expenditures within one year $1,260,020

The Organization regularly monitors liquidity to meet its operating needs. The Organization attempts to operate with a balanced budget and anticipates collecting sufficient revenue from current year and future year government and other grants to cover general expenditures.

Note 7 - Subsequent Events

Management has evaluated the impact of all subsequent events through June 18, 2020 which is the date that the financial statements were available to be issued.

Subsequent to year end, the World Health Organization declared a novel coronavirus (COVID-19) outbreak a Public Health Emergency of International Concern. This could adversely affect the Organization’s donors, members, and suppliers as a result of quarantines, facility closures, and travel and logistics restrictions in connection with the outbreak. More broadly, the outbreak could affect workforces, economies and financial markets globally, potentially leading to an economic downturn. This could decrease spending, adversely affect demand for the Organization’s services and harm the Organization’s business and results of operations. Management continues to monitor the outbreak, however, as of the date of these financial statements, the potential impact of such on the Organization’s business cannot be quantified.

MHP SALUD
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
DECEMBER 31, 2019

Note 1 - Basis of Presentation

The accompanying schedule of expenditures of federal awards includes the federal grant activity of MHP Salud (the “Organization”) under programs of the federal government for the year ended December 31, 2019. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the Organization, it is not intended to and does not present the financial position, changes in net assets or cash flows of the Organization.

Note 2 - Summary of Significant Accounting Policies

Expenditures reported on the Schedule of Federal Awards are presented on the accrual basis of accounting. Such expenditures are recognized following the cost principals contained in OMB’s Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Under federal cost principles, certain types of expenditures are not allowable or are limited as to reimbursement. Pass-through entity identifying numbers are presented where available.

Note 3 - Sub-Recipients

There were no amounts provided to subrecipients from federal awards received during the year ended December 31, 2019.

Note 4 - Indirect Cost Rate

The Organization has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance as it has a negotiated indirect cost rate.

Note 5 - Ohio Department of Health award

The Organization received Sexual Assault Services Formula Program award passed through the Ohio Department of Health in the amount of $100,000 for the year ended December 31, 2019. $64,956 was received during the year and $35,044 was due from the Ohio Department of Health at year end.
INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Trustees of
MHP Salud

Report on the Financial Statements

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of MHP Salud (the “Organization”) which comprise the statement of financial position as of December 31, 2019, and the related statements of activities, functional expenses, and cash flows for the year then ended and the related notes to the financial statements, and have issued our report thereon dated June 18, 2020.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Organization’s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.
Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Organization’s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity’s internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR’S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Trustees of
MHP Salud

Report on Compliance for Each Major Federal Program

We have audited MHP Salud’s (the “Organization”) compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on each of the Organization’s major federal programs for the year ended December 31, 2019. The Organization’s major federal programs are identified in the summary of auditor’s results section of the accompanying schedule of findings and questioned costs.

Management’s Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor’s Responsibility

Our responsibility is to express an opinion on compliance for each of the Organization’s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Organization’s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Organization’s compliance.

Opinion on Each Major Federal Program

In our opinion, the Organization complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2019.
Report on Internal Control over Compliance

Management of the Organization is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Organization’s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Organization’s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we did identify a deficiency in internal control over compliance, described in the accompanying Schedule of Findings and Questioned Costs as item 2019-01 that we consider to be a significant deficiency.

The Organization's response to the internal control over compliance finding identified in our audit is described in the accompanying Schedule of Findings and Questioned Costs. The Organization’s response was not subject to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Section I – Summary of Auditor’s Results

Financial Statements

Type of auditor’s report issued: **UNMODIFIED**

Internal control over financial reporting:
- Material weakness(es) identified? _____ Yes   X No
- Significant deficiency identified
  - Not considered to be material weaknesses? _____ Yes   X No

Noncompliance material to financial statements noted? _____ Yes   X No

Federal Awards

Internal control over major programs:
- Material weakness(es) identified? _____ Yes   X No
- Significant deficiency identified
  - Not considered to be material weaknesses? X Yes   ____ No

Type of auditor’s report issued on compliance for major programs: **UNMODIFIED**

Any audit findings disclosed that are required to be reported in accordance with Uniform Guidance, Section 516(a)? _____ Yes   X No

Identification of major programs:

<table>
<thead>
<tr>
<th>CFDA Number(s)</th>
<th>Name of Federal Program or Cluster</th>
</tr>
</thead>
<tbody>
<tr>
<td>10.561</td>
<td>State Administrative Matching Grants for the Supplemental Nutrition Assistance Program</td>
</tr>
</tbody>
</table>

Dollar threshold used to distinguish between Type A and Type B programs: $750,000

Auditee qualified as low-risk auditee? X Yes   ____ No
Section II – Financial Statement Findings

Current Year:
None

Prior Year Follow-Up:
None
Section III – Federal Award Findings and Questioned Costs

2019-001 – Procurement

Program: 10.561 State Administrative Matching Grants for the Supplemental Nutrition Assistance Program

Sponsor Award Number: 529-17-0046-00001

Sponsor Agency: Texas Health and Human Services Commission

Criteria: The final regulations of the Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards ("UG") made substantial changes to the cost principles related to procurement effective for the December 31, 2019 year. Under the UG, there are several new methods that must be followed:

- Micro purchases, which apply to goods and services less than $10,000, do not require competitive quotes but does require attempts at equitable distribution to avoid all purchases from the same vendor.
- Small purchases, which apply to goods and services directly charged to federal awards that are more than $10,000 but below the Simplified Acquisition Threshold ($250,000), require multiple rate quotes from qualified sources.
- Sealed bids when services are above the $250,000 level and which are most applicable for construction.
- Competitive proposals to be used when sealed bids are not practical.

There are 5 standards that an organization must comply with regardless of which procurement method is used:

- Written procedures,
- Expenses must be necessary and reasonable,
- Subject to open competition,
- Code of conduct and conflict of interest policies must be adhered to,
- Contain proper documentation including the detail of the purchase transaction, support of the procurement method used and the basis of the award and price.

Citation: 2 CFR 200.320

Condition: The Organization’s procurement policy did not contain the criteria outlined in the regulation.

Cause: The Organization did not update the procurement policy to be in line with the new requirements under Uniform Guidance.

Effect: There is a risk that purchases will be made that do not contain the proper bids or be documented in a manner that is consistent with federal guidelines.
**Questioned Costs:** None.

**Context:** The policy did not contain all the criteria for procurement thresholds above the micro purchase level.

**Repeat Finding:** No

**Recommendation:** We recommend that management make changes to the current policy to be consistent with the federal requirements.

**Views of Responsible Officials:** See Corrective Action Plan attached.
Finding: 2019-001 – Procurement

Agency: MHP Salud

Responsible Official: Brynna Burguard, Chief Allocation and Resources Officer

Anticipated Completion Date: 6/30/2020

Agency’s Response: Concur

MHP Salud agrees with this finding and will implement the following:

- Modify the Purchasing and Procurement policy within the MHP Salud Finance Manual to align with all federal requirements

- Develop a Procurement Pre-Authorization Procedure to accompany the Purchasing and Procurement policy outlined in the MHP Salud Finance Manual and support the proactive monitoring of adherence to all procurement guidelines before purchases are made

- Distribute the updated policy and new procedure

- Provide training on the updated policy and new procedure
